Re: Partnership visa application of Natsuki Matsuzaki

To whom it may concern,

My name is Tajansh Singh, and I am a New Zealand citizen residing in Auckland. I am writing in support of the partnership visa application of Natsuki Matsuzaki and to confirm that his relationship with his partner lutita Evans-Pereira is genuine, stable, and ongoing.

I know both Natsuki and lutita well, having met them independently of one another. I first met lutita in 2025 through mutual friends, and we have been close friends since. We travelled together on a group holiday to Queenstown in July 2025 and have spent much time with each other. I met Natsuki earlier this year through social football, where we began playing together every week. We have grown to be close friends through that time spent together.

Having come to know each of them separately, I can speak to their relationship from both sides. I have spent time with them together on many occasions like social gatherings and catch-ups with our wider friend group. I'm seeing two people I know well individually, who genuinely care for and support each other. Everyone in our circle knows them as a couple, and it's clear their lives are built around each other.

Natsuki has become a valued part of our friend group and community here in Auckland, and his relationship with lutita is a settled and important part of both of their lives.

I have no hesitation in confirming that I believe their relationship to be genuine and enduring, and I fully support Natsuki's application.

Kind Regards,

Tajansh Singh
